

Tropical Storm Erika Update No. 2

You are receiving this email because you have expressed an interest or are the designated flood control/drainage entity.

District Storm Teams are monitoring Tropical Storm Erika's track. Canal water elevations are at normal stages. The District is monitoring forecasts and prepared to respond accordingly. Community internal discharge control structures should remain closed.

The District encourages communities to inspect their drainage facilities and perform any necessary flood protection maintenance.

The National Hurricane Center is issuing advisories on Tropical Storm Erika at their website www.nhc.noaa.gov

Please do not hesitate to contact the District if you have any questions.

Thank you,

Lake Worth Drainage District
561-498-5363
