

LAKE WORTH DRAINAGE DISTRICT

Important Notice

While we clean-up from Hurricane Irma, please be aware that dumping vegetative debris or other trash in LWDD's canals or rights-of-way is illegal and punishable by up to a \$10,000 fine and 5 years in prison. Additionally, illegal dumping diverts LWDD's resources currently focused on flood control and recovery operations. Palm Beach County Solid Waste provides information regarding the proper method for disposal of hurricane waste at <http://www.swa.org/408/For-Residents>. For more information contact LWDD at info@lwdd.net.
